Beaumont Blend

For our signature blend of tea, we have this balance of traditional rich African and Assam teas, giving a full fragrant body to the tea once brewed.

Earl Grey Blue Flowers

Bergamot oils within this tea give earl grey teas a strong citric base (notably described as orange / lemon) and the blue *Centaurea cyanus* flower provides a slightly floral undertones to the tea

Ceylon Orange Pekoe

This tea is described as having a clean, brisk taste, and is ideal as a light palate cleanser, with slightly malty undertones.

Darjeeling

This tea is a very mild type, having similarities to most white teas, however light floral characteristics are the most prominent of this blend.

Coffees (Cafetiere for one £3.50)

Peru Café Femenino

Strength: Light

The initial dark chocolate taste notes give way to a mild citrus and cocoa balance for a long finish on the tongue.

Blue Mountain Blend

Strength: Medium

This roast is noted as having a lack of bitterness that offers subtle acidity with a smooth, chocolate finish.

French Continental

Strength: Strong

This roast is noted as having quite a bitter taste with low acidity due to the roasting process. The aftertaste has been described as having a lingering walnut flavour.

Fairtrade Decaf

Strength: Medium

Those with a more developed palate may notice the slightly more floral notes to this coffee, past the delicate yet prominent cocoa and nutty flavours.
